

Lone Star ITS - Service Level Agreement (Template)

Between: Lone Star ITS (Service Provider) and Client (Client).

Purpose: This template outlines common managed technology service expectations and should be reviewed by qualified counsel before use.

Scope: Managed IT support, network setup and security, backup and recovery, cybersecurity audits, cloud/email/web support, device lifecycle management, and agreed website support.

Service commitments, response targets, exclusions, fees, on-site coverage, after-hours support, and client responsibilities must be documented in a signed statement of work or managed-services agreement.

Data Security and Privacy: Lone Star ITS will exercise reasonable care, use least-privilege practices, and avoid requesting credentials through public website forms or chat. Credential exchange must use an agreed secure method.

No Guarantee: Security services reduce risk but do not guarantee prevention of incidents, outages, compromise, or data loss.

Limitation: This template is not legal advice and is not a binding agreement until reviewed, completed, and accepted by both parties.

Force Majeure: Lone Star ITS is not liable for delays or failure caused by events beyond reasonable control.
